Parents, teachers, kids, and all of us want to keep your children's smiles shining bright. The best way to keep dental problems to a minimum is to build good habits at a young age and make the dental office a place for a positive experience.

To help us do this we would like to invite your class into our office. The kids will get a chance to tour our office, ride in a dental chair, take part in a fun learning activity, and even take home a free gift!

We can't wait to see you all. Please call or email us so we can set up your Dental Field Trip.
